

Ottawa Vision Therapy

We are open by appointment only. Your health and safety, and the health and safety of our team, is our top priority. We appreciate your patience as we triage hundreds of cancelled appointments, we will be in contact with you to reschedule. We have made many changes to our facility and procedures, including installing breath shields on equipment and service counters and thorough sanitization of all equipment. Patients, staff, and doctors are required to wear masks. If you have your own mask feel free to wear it if it is in good condition. You will also be asked health screening questions ahead of your appointment and in person, before you enter. To accommodate more patients we are working to offer Virtual Vision Therapy appointments with our vision therapist. We look forward to seeing you again soon!
